

McCarthy & Stone Case Study

McCarthy & Stone have been trading with KingDrymix now for over two years. We have always found their service to be first class and have worked with them on a variety of projects including Ayr, Rutherglen Glasgow, Bishopbriggs Glasgow, Cupar, Linlithgow, Blairgowrie, Newlands Glasgow, Lanark, Dunbar, Inverurie and Dumfries.

KingDrymix primarily supply McCarthy & Stone with mortar silos, however they also supply us with bins and bagged mortar and cut/bonded brick & block.

We find all the staff to be very helpful and friendly and we at McCarthy & Stone look forward to a continued first class service at KingDrymix.
