

## George Wimpey (West) Homes Case Study

George Wimpey at the forefront of the house building industry in health and safety, build quality, customer service and satisfaction. One of KingDrymix prestigious customers.

KingDrymix continue to supply silo mortar to numerous Wimpey sites throughout Scotland. The Trinity Park development began in May 2005 with Aldergate beginning 3 months later.

“The quality of supply from the outset has been superb. Scheduling our top ups is made easy and the deliveries whilst on site are slick and hassle free. The service and support team are always readily available to help as and when required which leaves us to get on with the job in hand.”

KingDrymix are totally committed to creating and delivering consistent real value to their customers.
